Warranty Policy and Product Registration Card

Instructions: In order to activate warranty, this card **MUST** be completed in full and returned via mail, fax or email, to Parafour Innovations, LLC, within 15 days of installation and commissioning. Failure to timely register may result in voiding of warranty.

Warranty: Parafour Innovations, LLC (Hereafter P4I, warrants its products to be free of defects in workmanship, material or operations within the following provisions listed below:

- a. Warranty is for a period of 12 months from the date of installation, or 18 months from the date of shipment from P4I, whichever comes first. Warranty service and general maintenance must be performed in accordance with P4I instructions, and by a qualified technician, or P4I authorized representative. Warranty covers materials only and expressly does NOT cover travel, expenses or labor, except where pre-approved by P4I.
- b. P4I will provide new, as new or remanufactured parts, at their sole discretion, to replace any parts determined to be covered under warranty by P4I.
- c. Warrantable parts **MUST** be returned to P4I, with a return authorization number, within 15 days if P4I's issuing the authorization.
- d. Warranty parts will be shipped on an invoice to the end user. Upon timely receipt of the warrantable parts, P4I will test and make a warranty determination within 15 days of receipt. Any part found to be covered under warranty, will have the invoice for replacement credited in full. Any parts found to be not covered under warranty, the invoice shall be payable in full immediately upon notification of warranty determination.
- e. No credit will be issued if return parts are not shipped to P4I within 15 days of issuing return authorization.
- f. Warranty does not cover damage due to accident, neglect, improper installation or maintenance, prolonged or improper storage. Improper supply and pumping system design, acts of God, unauthorized repair, modification tampering or alteration of the product, fuel contamination, freeze damage, or other conditions or abuse not expressly covered herein.
- g. Warranty does not cover indirect or peripheral damage or loss of income. P4I is not responsible for discontinuation of commercial components used in the assembly process.
